

GAYATHRI MENON

GRAPHIC & VISUAL DESIGNER

gmenon.workco@gmail.com | visualsbygayathri-d9j4.vercel.app | linkedin.com/in/gayathri-memon

Design started as a side interest for me and turned into the thing I care about most. I work across brand identity, social media content and campaign design — making visuals that carry an idea clearly rather than just decorate it. I have delivered client work through a design internship and have spent the last two years designing for university clubs and cultural societies, which taught me to take a brief from a rough conversation to a finished, deadline-ready asset. I am happiest with a real constraint to solve around, and I am still learning something on every project.

SKILLS & TOOLS

Brand Identity & Visual Systems	Poster & Print Production	Adobe Photoshop & Illustrator
Typography & Layout Design	Art Direction	Figma & Canva Pro
Social Media & Campaign Design	UI/UX & Prototyping	Client & Stakeholder Collaboration

EXPERIENCE

Graphic Design Intern — SpectoV Jan 2026 – Jun 2026

Client-facing design work across social media and brand marketing

- Designed social media content for a client account, producing platform-ready posts aligned to an established **brand visual identity**.
- Developed marketing and **brand visibility** assets supporting client campaigns, working from written briefs to final delivery.
- Maintained visual consistency across deliverables — typography, colour and layout systems applied uniformly across formats.
- Collaborated directly with the client on feedback rounds, iterating designs to meet brand and campaign objectives.

Design Team Member — University Clubs & Cultural Societies, VIT Chennai 2024 – Present

Design contributor across multiple student clubs, cultural societies and university bodies

- Design lead on **event campaign identities** — posters, social announcements and promotional carousels for competitions, quizzes and cultural events.
- Worked within a **collaborative design team**, dividing deliverables, reviewing each other's work and keeping a shared visual direction across contributors.
- Delivered against fixed event deadlines while coordinating with student coordinators and faculty on content and approvals.
- Built recurring visual templates that kept branding consistent across multiple events within a series.

Freelance Designer 2024 – Present

- Deliver social media graphics, posters and brand assets for individual clients on a project basis.
- Manage the full engagement independently — scoping the brief, presenting concepts, revising and handing off final files.

EDUCATION & CERTIFICATION

B.Tech, Electrical and Computer Science Engineering 2024 – 2028

Vellore Institute of Technology, Chennai

Google UX Design Professional Certificate 2026

Coursera · User research, wireframing, prototyping, usability testing, accessibility — capstone project
